

Excellence Delivered *As Promised*

## Highway Engineering Intern Lehigh Valley, PA, US

### What You Will Do:

Successful highway projects connect people, communities, and businesses by balancing transportation needs with client requirements, user benefits, and community concerns. With the final design of more than 1,000 miles of highway to our credit, Gannett Fleming's clients rely on our ability to plan and design highways that serve communities and meet regulatory requirements.

Our Highway Practice is looking for a **Highway Engineering Intern** to join our **Lehigh Valley, PA** office this summer! Join our team!

As a Gannett Fleming intern, you will have the opportunity to work with experienced transportation professionals and aid in providing design services for a wide variety of transportation projects including major roadway and interchange projects, bridge replacement projects, and roadway maintenance projects.

### Working closely with supervisors and mentors, you will have the opportunity to:

- Perform detailed engineering calculations.
- Design roadway alignments, drainage, erosion control and traffic control.
- Write technical reports
- Develop construction plan drawings using Microstation/Openroads design software
- Develop roadway quantities and construction cost estimates

### Education | Experience:

#### Minimum Qualifications

- Must be enrolled in a 4-year Civil Engineering degree program
- A focus or coursework related to transportation preferred
- Experience using CADD/Design software (Microstation/Openroads) is a plus
- Prior roadway engineering related internships or similar experience preferred
- Strong written and verbal communications skills
- Strong work ethic and willingness to learn is a must

### Company Overview:

At **Gannett Fleming**, we believe in *improving* the lives of the people we serve. We believe in *innovation* and social responsibility. We believe in the *diversity* of our team and the creative solutions they provide. We believe in embracing *change* and emerging technologies while maintaining an unmatched standard of quality. We believe in creating an environment where employees can thrive at

home and at work. We believe in engaging our employees, building lasting relationships with our clients, and, in turn, making a difference in the world.

We offer a comprehensive benefits program, which includes medical, dental, vision and life insurance, our tax-deferred 401 (K) savings plan, and the opportunity to incentive compensation for eligible positions. We are committed to your personal growth and professional development, so we offer tuition reimbursement, access to internal and external training programs and support active participation in professional organizations.

**Gannett Fleming** is an Equal Opportunity/Affirmative Action Employer. All qualified candidates will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability, veterans status or other characteristics protected by law.

Gannett Fleming will not sponsor an employment visa (e.g., H-1B visa), including any visa renewal during employment, for any candidate for this position. No relocation assistance will be provided for this position. Local candidates will be given preference.
